Looking for the convenience of living in town but also the luxury of a huge family-friendly yard and garden? This is the place! A yard triple the size of your average town lot plus an extensively renovated and expanded home with an oversized new double garage. This beautiful home comes with 6 bedrooms and 2 bathrooms. The main floor is 1390 square feet in size and there is a full basement. The house has been expanded and the old part has been almost completely redone in the past years, including but not limited to both bathrooms and most bedrooms. You will enjoy the nice new open living room, 28' x 24', with vaulted ceiling. Several windows have been upgraded to triple pane(2021). The siding of the whole house and garage is new Hardy board. There is a nice little office to work from home. You will love the huge new attached double garage, 24' x 44', heated, with room for 2 vehicles and extra space galore to use as a shop. The well landscaped yard (approximately 77' x 247' in size) provides lots of privacy and comes with a greenhouse and chicken coop. To make it even better, the yard is backing unto the wide open green strip of the former railroad. One of a kind!
