What happens when an artist and an engineer dedicate nearly a decade to reimagining a family home. The result? A stunningly renovated retreat where every detail is deliberate and every corner meticulously crafted.

Nestled beside a park in an established SW neighborhood, this custom home underwent a complete transformation, seamlessly blending beauty, functionality, and understated luxury. The interior showcases warm woods, soft textures, and a soothing neutral palette. These elements harmonize with high-end finishes, innovative upgrades, and a discreetly integrated secret room, culminating in a truly contemporary living space.

Gone are the awkward levels and sunken spaces of the original layout. In their place: soaring ceilings, seamless flow, and warmth you can feel the moment you enter.

Enter through a 8' x 48" Walnut PIVOT door into a dramatic foyer, lit from above by a skylight and anchored by a 3-storey stone wall. Your eye is immediately drawn to the 20'+ ceilings, and oversized windows pouring light in from every direction.

To the right is the living room with a 13' vaulted ceiling, shaped floor-to-ceiling windows, and a 3-sided fireplace. Next, a versatile office (or formal dining room) faces the park, framed by tall corner windows and more vaulted ceilings.

The kitchenâ€”a dream: Titanium granite counters, double wall oven with microwave, induction cooktop, smart fridge with WIFI. The oversized island seats 4â€“5, while a custom 16' hutch, wine fridge, and hidden butlerâ€™s pantry (with its own fridge and prep space) keeps clutter out of sight.

There's a mudroom with designer inspired teal and white heated tile that includes a double closet, 2 benches and access to a main floor bathroom, complete with a shower.

UPSTAIRS: the spacious primary suite showcases garden and park views, a private balcony, and a spa-like ensuite with double vanity, heated floors, soaker tub, multi-jet shower, private water closet, and walk-in dressing area.

Two more oversized bedrooms have mountain/park views and share a full bath that has double sinks and heated tile flooring. The bedroom level laundry opens to a front balcony with more mountain views.

DOWNSTAIRS â€”pure entertainment: custom wine room, home theatre with 87" TV and surround sound (included), games room with wet bar, fridge and dishwasher, guest bedroom and a semi-private bath.

OUTSIDE: low maintenance deck with gas hookup, mature trees and gardens, in-ground irrigation, and a custom shed designed to match the homeâ€”complete with skylight and lighting.

EXTRA (2024): Hardie board siding, cultured stone, new windows “ triple-pane in front, A/C, all new lighting, premium flooring: white oak on main, upper, luxury vinyl below. On-demand water heating (2018).

Minutes from top-rated schools, Rockyview Hospital, Southland Leisure, major amenities and the new Stoney Trail Ring Road.
